CS-PT1207 PRESSURE TRANSMITTER

Exceptional Corrosion Resistance

[PVDF HOUSING, FKM SEAL]

✓ High stability, long service life, and excellent cost performance

✓ Bidirectional Overvoltage

Pressure Range 0~5bar...20bar

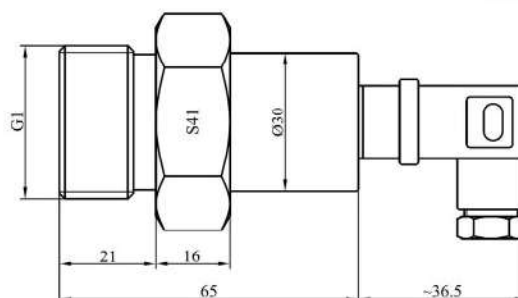

Accuracy @25°C $\pm 0.5\%$ F.S

Power Supply 10~30VDC

Output Signal 4~20mA

Medium Temperature -20°C~120°C

Applicable Medium Gases and liquids compatible with PVDF, fluororubber (FKM) and ceramic

Application area

Chemical and Petrochemical Industry

Water Treatment and Environmental Protection

Pharmaceutical and Food Processing Industry

Environmental Protection and New Energy Industry

italmanometri s.r.l.
